Projects

WorldWise – Travel Tracking Web App
React SPA to mark/manage places on interactive map. Used React Router, Context API, and Leaflet.

Guess Number Game – React Native App
A number guessing game built with React Native. Uses hooks and component state to generate, guess, and reset a
random number. Focused on mobile-friendly UI and game logic.

React Quiz
Quiz app using React hooks components.

Amazon Clone Website
UI clone of Amazon built with HTML, CSS, JavaScript. Featured cart logic and responsive layout.

Eat and Split
React app for bill-splitting. Practiced props, state, conditional rendering.
